Parents,

As you are considering registration for next year and are wondering how the construction over the summer will affect the upcoming school year, we have been told that construction will be completed on Sept. 1st and we will receive the keys to the building at that time. With this timeline, staff will begin to work on setting up classrooms at the beginning of September so that Welcome Day can be held on Sept. 17th. The first day of classes will begin on Sept. 18th. If construction becomes delayed over the summer, we will think outside of the box so that classes can start as soon as possible. For example, older students might start in the Congregation House.

If construction is completed earlier than expected, we plan to move up our start date.

We value your support during this time and will do our best to make it a seamless transition into what will be a fresh and vibrant new space for our Preschoolers.
