

# DAVIDSON COLLEGE PRESBYTERIAN CHURCH COMMUNITY MISSIONS

*Believing that all persons are of equal value to God, the Community Missions Committee seeks appropriate ways for our congregation to witness to God's love through service to people who may need assistance, with emphasis on the local and extended community. DCPC members have a long tradition of sharing our time and talents in ways that witness to God's love.*

## Community Missions at DCPC

The Community Missions Committee has reviewed the process used to allocate benevolence funding. There are five basic areas of focus; 1) Housing, 2) Community, 3) Children, 4) Hunger & 5) Healthcare. The local non-profit agencies we support typically have some connection to our church. Examples include church members who serve or work for a local non-profit, and/or members & church staff who volunteer with an agency. Our community is defined as the towns & neighborhoods where the members of DCPC live, work, and serve, with the focus being on the general Lake Norman Region.

Each agency that receives funding must submit an application each year that is reviewed by the committee to determine their suitability (Agency requests must be submitted to the church office by the end of August). Our ability to fund agency requests is based on the amount of funds established by the Session for local benevolences during their annual budgeting process. In 2022 the local benevolence budget funding 27 mission partners can be broken down in the following way: Housing-39.3%; Community 26%; Children 18.3%; Hunger 10.4%; Healthcare 5.1%

This Volunteer Opportunities booklet lists many of the agencies we support along with a brief description of their ministry and contact information. On the last page of the booklet you'll find the 2022 Community Missions Budget approved by the Session. The Community Missions Committee would like to make sure that everyone at DCPC has the opportunity to be actively serving in our community. Feel free to contact anyone of us if you have questions or suggestions about this important ministry at DCPC.

## Special Partnership with Blythe Elementary School

In April 2014, the Session of DCPC voted to enter into a partnership with Blythe Elementary School. We are happy to be following in the footsteps of our theological forebear, John Calvin, who founded an academy for the children of Geneva out of his deeply held belief in the importance of universal education.

Catherine Bragg and Rosemary Klein are the co-chairs of the effort and have met with other enthusiastic volunteers to establish the partnership. They are excited to report that there is something that every single person at DCPC can do to plug into helping the wonderful children at this school. Some members work on a regular basis in the classroom with small groups or reading with individual children; many families contribute food during the summer for Blythe students who do not have enough to eat; some members help provide special breakfasts or lunches for the teachers to thank them for their efforts; there are many one-time needs that our members fill, such as cataloging books, being a guest reader in a classroom, helping to plant a garden, or assisting with the book fair. The needs are great, and the opportunities numerous!! For more information, contact Catherine Bragg, 704-617-9905; [catherinebragg68@gmail.com](mailto:catherinebragg68@gmail.com) or Rosemary Klein, 704-892-8306; [klein924@earthlink.net](mailto:klein924@earthlink.net).

# Community Missions Annual Report

The DCPC survey in 2021 from the Planning Committee asked “what missions would you like to see DCPC support”. The respondents (in descending order) were:

Hunger (92)-Housing (82)-Education (of children)-(74)-Childcare (69)-Safety (64)-Healthcare (55)

The Community Missions Committee partnered with 32 local ministries in 2021. The categories of these ministries are focused in five areas (as percent of CM budget):

Housing (40%)-Children (23%)-Community (20%)-Healthcare (9%)-Hunger(6%).

While the data would indicate that the Hunger category is out of sync with the preferences, the CM committee has several grocery ministries that do not appear in the data.

As a result of a surplus generated by the 2020 Stewardship campaign the CM committee was presented the opportunity to distribute \$114,500 beyond the budget they had set of \$168,600 (5.6% increase from 2020). These dollars were thoughtfully and prayerfully distributed to Caterpillar Ministries (\$16,000); Angels and Sparrows Soup Kitchen (\$16,500); Ada Jenkins Center (\$5000); Davidson Housing Coalition (\$20,000);Davidson Cornelius Child Development Center (\$24,400);Safe Alliance (\$5000); Global Missions (\$10,000); Meadow Lake Presbyterian Church (\$12,500); Ministers Discretionary Fund (\$5,100). These were sorely needed funds to help these organizations navigate a pandemic year. It was a true joy to be in a position to help.

The Jane Cain Habitat build house was dedicated June 6, 2021 after several delays.

The Blythe Elementary partnership continues to thrive on into 2022. Blood drives continued in spite of the pandemic. We were able to help Hope House with conversion of a garage to a youth center. The bag lunch program was active January-June and continued on through the summer. We sent 5 children to Camp Grier. Day of service was once again successful with 160 volunteers. Amigos de Cristo was supplied more than 80 backpacks for students. The

Salvation Army CARE clothing drive was successful as was the CROP walk in November. The Angel tree gifts were heartily received and appreciated. The reverse Advent Calendar food drive produced much needed stock for Loaves and Fishes. Ten cents a meal was reinstated near the end of the year. Robert lead a team of 11 volunteers to Wilmington for Presbyterian Disaster Assistance and reported excellent results.

While Room in the Inn was once again not able to function in 2021 due to the pandemic, the session approved the use of space in the Congregation House for a cold weather ministry on a limited basis (2-3 individuals). Robert was offering this option to local folks he knew about.

There is approximately \$17,000 in the Habitat account toward the \$25,000 goal for a Habitat build in 2022.

The committee enjoyed monthly speakers from our partner agencies and looks forward to hearing from more in 2022.
